DRIVER GUILTY OF HIT-RUN; SHOOTING CASE ON TRIAL NOW

Vincent J. Roth, York, was found guilty Monday afternoon by an Adams County jury on a hit and run charge. The jury, with Joseph S. Heiney, 115 Springs Ave., as foreman, returned with its verdict in 16 minutes.

Trial was started Monday afternoon and continued through today on the charges of pointing and discharging a deadly weapon and aggravated assault and battery against Lee Gordon Wills, Greenstone.

Testimony in the case indicated that Wills, 28, shot Harold L. "Bubby" Sanders, 23, of Greenstone, in the left leg below the knee early on the morning of November 10 during an altercation in front of the Wills home.

EARLY MORNING EPISODE

According to the witnesses, Wills; his wife, Mrs. Barbara Harrison, who resides with Mr. and Mrs. Wills; James E. Small, Fairfield R. 2; Sanders, and Charles Shockey, 22, Waynesboro R. 4, drove to the Wills home at Greenstone from the Silver Dollar near Fairfield after 2 a.m. on November 10.

Wills had been waiting at the Silver Dollar for his wife and Mrs. Harrison who worked until 1 a.m. at a local factory. There he met Smith. Since the kitchen was closed at the tavern, Wills invited Smith to his place for something to eat. Wills left in his car, Smith in his and Mrs. Harrison and Mrs. Wills in Mrs. Wills' car. Sanders and Shockey testified they were in Sanders' car and pulled into the parking lot at the Silver Dollar when they saw the car with Mrs. Wills and Mrs. Harrison in it. They allege that Mrs. Harrison made a motion with her hand which they interpreted as meaning they should follow.

TELL OF SHOOTING

All four cars arrived at the Wills home. Wills went inside as did Smith.

Sanders and Shockey claim Mrs. Wills went on up to the house while Mrs. Harrison got into the car with them. A few minutes later Wills came out of the house, according to their testimony, and pointed a pistol in the window. Mrs. Harrison got out. Sanders got out. Shockey said the two had some discussion, then Sanders grabbed Wills' shirt, tearing it. Wills stepped away and shot Sanders.

Sanders said Wills came down to the car, pointing the pistol and said: "Break this up." According to Sanders, Wills put the pistol in his belt after Mrs. Harrison got out of the car. Sanders said he got out of the car and grabbed Wills by the shirt and asked him why he pulled a pistol. Sanders

5 NAMED TO CHAMBER I. C.

At the first 1963 meeting of members of the Gettysburg Chamber of Commerce Monday afternoon five representatives to the Chamber's Industrial Corporation were elected. President Richard Hartley conducted the meeting in the Elks home, York St.

Named to serve two-year terms are Julian Estep, N. A. Meligakos and Marshall Tuckey. William Varian and Julius Swope were elected to three-year terms. Thomas Washburn declined nomination because of his interest in the New Oxford Industrial Corporation.

Mrs. Helen Snyder, Chamber secretary, reported a slight decline in membership for 1963 at 95 paid memberships. Last year's total was 135.

Past President Julian Estep reminded the group that fixed expenses of the Chamber are about \$1,300 annually, and that the total income is derived from membership dues. President Hartley announced that budgets for 1963 will be mailed to committee chairmen this week with a list of recommended activities.

Hartley said that the BIE program of communications between business, industry and education will be continued this year and that "it should be a year of progress and productivity for the Chamber." Ike Ignored Critics Of His Golfing Relaxation

NEW YORK (AP) — Former President Dwight D. Eisenhower says he paid not the slightest attention to criticism of the time he spent playing golf or going fishing or dabbling with paints.

Appearing Monday night with historian Bruce Catton in an NBC television program recorded at Eisenhower's Gettysburg, Pa., home on the subject of President Lincoln, Eisenhower said: "I think the worst possible president would be one who always just stayed at his desk."

Catton remarked that during the Civil War, Lincoln was criticized for allegedly spending too much time telling funny stories and going to the theater.

NEED RELAXATION

Eisenhower agreed with Catton that Lincoln needed relaxation of some sort.

"The first thing that any man learns when he has to carry heavy responsibilities a long time, he has to learn those points and that type of decision that demand his ear-

WINTER FAILS TO STOP SMALL

Winter's devious conspiracy to thwart man's ability to combat the combined elements of nature and the machine age suffered a devastating blow this morning when The Times' head pressman delivered a knock-out punch in the third round of the fight to keep him off his job.

Thomas Small, who has just become the father of his second son and third child, has been residing with his mother-in-law, Mrs. Arthur Shields, while his wife is confined to the Warner Hospital. Small successfully negotiated the Shields driveway opposite the guide station on Lincolnway West, but skidded off the road near Reynolds Ave.

He called a tow-truck to pull him back onto the road, but immediately discovered he had a flat tire. He changed the tire, and then was unable to start his motor. The truck gave him a push, the motor started. Small went to work.

If the new Small boy grows up to be as undaunted as his father, The Times is sure to have a job for him. His grandfather was the late Walter Small, head pressman for The Times for many years.

BOARD ELECTS ASSISTANT TO SR. PRINCIPAL AT HIGH SCHOOL

The position of part-time assistant to the Gettysburg Senior High School principal was created Monday evening and Paul W. Grove, vocal music teacher at the high school, was elected to the position.

The action came on a series of recommendations from the Teacher and Curriculum Committee, presented to the board by Gettysburg Superintendent of Schools H. Edgar Riegle.

Mr. Grove was elected as the assistant to Charles E. Tressler at a \$500 increase in salary. He is receiving \$6,400 as a music teacher and will get \$6,900 in the new position, "effective as soon as possible."

The music classes he will give up will be handled by the election of Mrs. Eva Sachs Orwig, Gettysburg, director of music at Christ Lutheran Church. She was elected Monday evening for half-time service on the basis of a full-time salary of \$4,200 per year.

The position of assistant principal was created by the Joint School committee of the Joint School board which handles most school business under the present school setup.

He discussed course offerings in Woodworking, metals, graphic arts, mechanical drawing and drafting, their industry-related, job-related aim and the better facilities offered by increased space and equipment for the department.

Business Manager Kenneth G. Reinhart Jr., pointed out to the directors that, under the "Public and Institutional Property" insurance program instituted last year, the school district's insurance bill went up only from \$7,183 to \$7,326 when the insurance coverage rose from \$4,476,185 to \$5,475,703 and includes coverage on the new high school building.

DRIVER GUILTY

Said Wills replied: "Either come in the house for a drink or get out." He added: "After he had pulled the pistol I figured he meant get out." Wills then went to the back of the car, according to Sanders, and said "I'll shoot you," and shot Sanders.

COULDN'T "STAND BY"
Wills testified that he had gone into the house believing Mrs. Wills and Mrs. Harrison were following him. When they failed to show up, he said, he went to the screen door and found his wife was standing outside. She told him that "Bobby pulled Barbara in his car and won't let her out." Wills said he then went to get his car and the pistol, adding, "I could hardly stand by and let a woman be assaulted on my premises."

Wills added: "I knew Bobby's character. I knew him to be quite mean, quite strong, quite belligerent. He beat people up for no reason." He added that he has seen him beat up several men and when a friend had attempted to interfere had also beaten up the friend. FUTURE USE OF

(Continued From Page 1)

Maryland border. The company's investment in facilities exceeds \$279,000,000. It has more than 1,000 miles of transmission lines, 341 substations and five power plants. Its 227,000 residential, 28,000 commercial and 3,000 industrial customers consume more than three billion kilowatt hours of electricity per year.

2,000 EMPLOYEES

The company has more than 2,000 employees and a \$14,000,000 a year payroll.

Where in 1922, 200 kilowatt hours of electricity per month cost the consumer \$20, today the same amount costs the consumer only \$7.60, a reduction of 62 per cent, Webber said.

Observing that the use of electricity doubles every 10 years, Webber said: "We will use electricity in our homes for purposes now only dreamed about. There will be walls of light; an electronic window tender will open and close windows automatically to shut out wind, rain and cold, or open them to admit fresh air and sunshine. The lady of the house will have fully automated appliances such as kitchens programmed to produce meals every day without human assistance. Electronic dishwashers will not wash the dishes but store them until they are needed again; ultrasonic dry cleaning will be another new job for electricity in the future, the electronic wardrobe in the bedroom will clean and revitalize your garments overnight. Home entertainment will be on a grand scale, too. There will be television screens no thicker than a picture frame set in the wall and spreading the living color picture out all around you. Electronics will revolutionize travel, too, with automobiles that will be more like mobile homes or offices, guided along high-speed electronically controlled highways."

President Clark Smith announced that the local club will be host to a Canadian Rotary Club June 3. Named to the committee to entertain them are Atty. John A. MacPhail, G. Henry Roth, Rev. Robert MacAskill, Dr. Fredrick Tilberg, John Hostetter, Dr. M. L. Stokes and Dr. Richard Newsham.

Named as the committee for the hospital auxiliary sponsored rummage sale in which Rotary participates are Frank Ruth, Stanley Hall, William Lentz, Alexander Griest, Walter Lane, William Harbaugh, Ray Seltzer, Dr. Frank N. Hewetson, Dr. Newsham and Melvin Sargeant.

William Lentz introduced the speaker and announced that Mayor William G. Weaver has proclaimed National Electric Week.

The John Deere Co. of Baltimore has brought an action in assumpsit against Russell P. Hindman, New Oxford R. 2, alleging Hindman owes the company \$1,435.29.

According to the complaint filed in the prothonotary's office for the company by Attorney S. M. Raffensperger, Hindman purchased a corn picker, a used tractor, a hitch, and a panbreaker, all of John Deere manufacture, from James A. Miller Co., Aspers, on October 26, 1960, paying \$2,000 down on a bill totaling \$3,741.10. To cover the amount remaining unpaid, a charge of \$340 for financing and \$53.54 for insurance was levied making the total amount owed \$2,134.64.

The rights of Miller Co. in the matter were then transferred to John Deere Co.

When Hindman failed to make the payments, according to the complaint, he was notified that the total of \$2,134.64 was owed plus attorneys' fees of \$320.20 or \$2,454.84. The John Deere Co. subsequently took possession of the corn picker, hitch and panbreaker and sold them, June 1, 1962, at public sale at the Miller Co. in Aspers for \$1,026. Of this amount \$6.45 was allocated to pay for advertising of the sale, \$320.20 was set aside as the attorney's fee and the remaining \$699.35 applied to the debt, reducing it to \$1,435.29.

SEE WINNING SLIDES

One hundred twenty slides, the winners in last year's nationwide slide contest conducted by the Anso Co., were shown as part of a program being held by the company to determine the opinion of various photographic societies as compared with the opinion of the judges in the event. The local society members were not told which were the winning slides, were asked to make their choice of the top slides in the three categories shown and forward those results to Anso to be compiled with similar findings by other groups.

It was announced that the next meeting will be held March 11 at the home of Maurice Sloops, Buford Ave.

Damage to the Klinedinst vehicle was estimated at \$150, to the Conrad auto at \$200 and to the Staub station wagon at \$50, police said.

More Monuments For Battle-

fields: If the bill presented in the Pennsylvania House of Representatives by Representative Riebel, the father of the House and a veteran soldier, becomes a law, Pennsylvania will have monuments to more of her heroes on the Gettysburg battlefield. Mr. Riebel's bill makes an appropriation of \$55,000 to be used to erect bronze statues eight feet high on appropriate pedestals, in memory of General's Humphrey, Hayes, Geary, Crawford and Gibbon, all gallant Pennsylvanians, who commanded divisions in the great fight and won honors. The bill also provides for the repairs to the Pennsylvania memorial on the field, the correction of names on the tablets, there being a number of errors, and the publication of the exercises at the dedication on September 27, 1910.

Wife Makes Appeal: Mrs. Daniel E. Sickles, wife of the Gettysburg General whose troubles have almost overwhelmed him in the past year, made a public appeal to the public and to Governor Sulzer to save General Sickles from the consequences of his alleged shortage of \$23,000 in the Monument Commission funds and to enable him to keep his property, which is subject to immediate foreclosure proceedings. Mrs. Sickles said that she deeply pitied the general, despite his refusal to expel his housekeeper, Miss Eleanor Earle Wilmerding. "I wish the public would come to the aid of General Sickles," she said. "If I can forgive General Sickles, I think the general public can. The thing to do is to save General Sickles. In the words of the poet, 'His mistakes should be written in sand and his deeds in granite.'"

Grass Widowers' Club: A Grass Widowers' Club is the newest organization in town. Eight wifeless individuals met at the social rooms in the Eagles Home on Chambersburg Street on Saturday and organized for purposes of condolence, consolation and congenial activities. Officers were elected and a committee on constitution appointed. A campaign for new members will be instituted in the near future and applications will be received at any time. The charter members are all really-true men who are qualified to enjoy or endure — which ever the case may be — the title of grass widower and all new applicants will have to furnish proofs of the same state of life. This new association, by the way, is Gettysburg's fifty-eighth, counting a half dozen which have gone to the Happy Hunting Grounds in the past year or so. A badge, pass word and grip are to be adopted at the first called meeting. The names of the members, you ask? Oh yes, they may be learned by calling at The Times office where they will be kept on file, together with all others who may be initiated into the order.

In the Local Court: Mrs. Kate Myers, who, with her two-year-old child, has been in the Adams County jail since January term of court, following failure to pay costs in a surety of the peace case, was released on Monday afternoon by order of the Court, by taking advantage of the insolvency act. Mrs. Myers said she was not able to pay the costs and gave her schedule of assets as two suits worth about \$3 and some articles of household furniture worth about \$5. She gave bond for her appearance at April Court. Mrs. Myers was sentenced at January Court to enter into recognizance to keep the peace and be of good behavior and especially toward Rosie Cleaver.

Today's Talk

SECRETS

A man's or woman's face is his or her autobiography. Every line, every glance of the eye, every plane, every movement of the mouth, or shift of the head, repeats a chapter.

It is a secret piece of writing — but known to those who are learned in the language of character. A flowing warmth of the eye will smother mere word expression.

I think it was Bliss Perry who once said that no painter had ever been able to adequately express the true face of Lincoln — that "there was something else there." We cannot write down greatness, when it really occurs in a man or woman. It is felt — and that is all that can be said. Secrets forever hover about every face. And the more sacred they are, the more they inhabit that face.

Nature is full of secrets, but they do not warm you as do the secrets in a fine mind and a genuine and royal heart. We are held to those we love by the secrets that they divulge to us — without word expression. Which explains why it is that two minds can be so happy together in silence.

Each of us has secret longings, too personal and intimate to be revealed, but they mark the path of us all, flower our personality, and give what atmosphere of heart we possess.

All charm and beauty is born in mystery. We reach for that which is elusive and shy because we know that it never represents anything that it is not. Its bid for recognition is never competitive. Secrets are always shy and elusive.

When I look at a beautiful work of art, I see the path of secrets, through every stroke of the brush, or chisel, or movement of the hand of the artist. Even the artist could not but faintly suggest, for the language of the heart is an unspoken one, with feeling only as its dictionary. Every time the violinist draws his bow across his beloved violin, he streams out into the world a liquid note from his soul — secrets unapproachable!

Just Folks

ABRAHAM LINCOLN
A man called Lincoln passed this way!
Born in a cabin bleak and bare;
Knew toil and hunger and despair
And learned from want and bitter need
A simple sympathetic creed.

His way was hard. All things of pride
To him were from the first denied
His was a body stripped of grace;
His was an unattractive face.
Yet when he spoke men's hearts were stirred
Because the soul within they heard.

Of was he mocked and oft betrayed,
Yet patient with all men he stayed.
He rose as high as man can rise
Yet pity never left his eyes;
Gained power and still to all he knew
This man called Lincoln gentler grew.

Back to the dust have journeyed kings,
Their thrones but scarce remembered things;
Their greatness merely of the hour,
Their power destroyed by greater power,
But all the world recalls today
A man called Lincoln passed this way.

plan of improvements and adjustments to the place which will convert it from its present dismal and gloomy appearance to a bright and cheerful playhouse. An entire new lighting system is to be installed which will also add to the cheerfulness of the place, and a complete equipment of floor mats will be put in, doing away with the noise and racket occasioned by late comers. Perhaps the most notable change at the theatre will be the building of four boxes, two lower and two upper. The construction of these will be completed in the course of the next two or three weeks and will also relieve the appearance of the interior of the building. Gettysburgians will watch with interest who will occupy these points of vantage on "opening night."

Scranton Wants Quality
In School Revision Plan

By FRED WALTERS

HARRISBURG (AP)—Gov. Scranton unveiled his plan for compulsory school reorganization today, laying emphasis on quality rather than population.

However, he deferred recommendations in increased financial aid to school districts pending analysis of "the very real and very painful fiscal facts of life in the commonwealth."

REJECTS MORE AID

It was indicated by the governor's office that the request of the major education organization for increased state aid of up to \$200 million for the public schools already had been rejected.

The governor would be willing to consider new taxes, however, if there is no money available for increasing subsidies, sources said. Scranton implied in his prepared speech for the joint session of the General Assembly that primary consideration was being given to financing higher subsidies out of current taxes.

Finally, he advocated enactment of legislation to set up community colleges, subject to development of a plan for a community colleges, subject to development of a plan for a community colleges system, and stressed reorganization of the State Council of Education as "a major change for progress in Pennsylvania education."

SECOND MESSAGE

The education message was Scranton's second to the legislature in his four-week-old administration. A third, on industrial development, is due later this month or early next month and a fourth, on the budget, next month.

"Traditionally, Pennsylvania has been a national leader in education," Scranton said, as he opened discussion of his education program.

"Today, in too many ways, we lag sadly behind... from us near heroic measures are demanded if we are merely to catch up with the pack."

Scranton listed three key points in the message: money structural reform, school district reorganization.

On the question of financial aid to schools and colleges, Scranton said it would have to await his budget message next month.

BUDGET MESSAGE

"You are, however, entitled to a progress report, he added. "So let me say that in the preparation of the budget we are straining every resource to find means to do the following."

He then listed increased teacher salaries; increased subsidies to schools, state-owned colleges, state-aided colleges, and the Pennsylvania State University; more financial support of libraries; establishment of a scholarship loan program for college students, and, finally, "find the money for several new programs that have been recommended by the department of public instruction."

DEMS CENSOR
GOP FOR CUBAN
"LOOSE TALK"

By JACK BELL

WASHINGTON (AP)—The Kennedy administration, under heavy fire from its political opponents, is striking back at Republican critics of its Cuban policies.

In the face of a fresh assault by GOP congressional leaders on "the inept conduct of our foreign affairs by the Kennedy administration," Sens. Mike Mansfield, D-Mont., and Hubert H. Humphrey, D-Minn., have teamed to condemn what they called partisan and irresponsible charges.

WAS INFORMED

Mansfield, the Democratic leader, pointed his guns at New York Gov. Nelson A. Rockefeller and Sens. Kenneth B. Keating, R-N.Y., and Hugh Scott, R-Pa. He told the Senate Monday that "irresponsible public utterances are playing dangerously with the fires of public emotion."

Humphrey called on Republicans to make certain that "a rash of charges that cannot be substantiated by facts do not find their way into this chamber" or into the newspapers.

"The people are worried, concerned and indeed confused because of so many conflicting reports," he said. He added that President Kennedy, the Defense Department and the Central Intelligence Agency "have been frank and candid" in disclosing Soviet military strength in Cuba.

DENIES SOVET DEAL

Mansfield said Rockefeller was well informed on Latin American affairs, but, "I must confess that I looked in vain for a contribution worthy of him" in the governor's comments on Cuba.

Rockefeller has said the administration's disclosures about Cuba left many unanswered questions. He said that while Soviet soldiers and equipment there may not pose a military threat to the United States, they constitute a propaganda, subversive and possible military threat to other hemisphere nations.

CHARGES ROCKEFELLED

Mansfield flatly denied — as Scott had suggested — that there was any deal between Soviet Premier Khrushchev and Kennedy for the removal of American missiles in Europe in exchange for the withdrawal of Soviet missiles in Cuba.

In a barb patently aimed at Keating, one of the most vocal critics of the administration, Mansfield told his colleagues he would be the last to suggest that members of Congress know less about matters pertaining to Cuba than the President, the Secretary of State and the Secretary of Defense.

"But I would suggest most respectfully," he said, "that the responsible course which helps rather than hurts the nation would be for these well-informed members to take their inside, unimpeachable information on Cuba to the appropriate departments at the same time that they take it to the press galleries."

Will Build Giant
Crawler Vehicles

MARION, Ohio (AP)—Marion Power Shovel Co., major manufacturer of heavy equipment, has received an order from the National Aeronautics and Space Administration to build two giant crawler vehicles to be used in the Apollo moonshot program.

To cost \$5 million each, the 5.5-million pound crawlers will be used to carry the Apollo spacecraft and its equipment into launching position.

The crawlers will be so big—130 feet long and 115 feet wide—that Marion Power Shovel will ship them in pieces to the space agency's launching area near Merritt Island, Fla. They will be capable of lifting a load of 12 million pounds.

CIVILIANS IN
IRAQ ARMED
AGAINST REDS

BEIRUT, Lebanon (AP)—Iraq's new regime is reported arming civilians to help wage all-out war against dihard Communist supporters of slain Premier Abdel Karim Kassam.

A traveler reaching Tehran, Iran, Monday said Iraq's new military rulers are arming civilians in Baghdad, Basra and other key cities to fight communist agitators.

The traveler said police and troops in Basra opened fire on 3,000 Communist demonstrators carrying portraits of Kassam. He said at least 250 were killed.

ROUND UP AND SHOOT

It appeared to be the fiercest offensive in the Middle East since the 1959 blood bath in Mosul. Then the Communists, in alliance with Kassam's troops, crushed a revolt by slaughtering hundreds of Socialists and nationalists.

Kassam was overthrown Friday and shot Saturday. The revolt leader, Col. Abdul Karim Mustafa, has sent police and troops of the revived National Guard to every province with orders to round up Reds and shoot them down if they resist.

Despite the new rulers' anti-Communist campaign, the Soviet government joined Washington and London in recognizing the revolutionary regime.

SCHOOLS GET
\$400,000 AID
FROM STATE

By FRED WALTERS

HARRISBURG (AP)—The state has spent over \$400,000 in the current fiscal year to help its distressed school districts.

The figure is the highest in 13 years.

It is over 80 per cent of the amount allocated in the 1962-63 budget, with five months of the current period remaining.

Still, it's well under the amounts spent in the depression years and during World War 2, when there was only one instance of expenditures under \$1 million (1942-43) and payments sometimes exceeded \$2 million annually.

Aid to distressed school districts started in 1933 as a depression era program.

AID 562 DISTRICTS

There were 562 districts aided the first year, to the tune of \$2.7 million, still the all-time high.

Over the 29 years of the program, the amount of money spent now has passed the \$27 million mark.

The lowest amount spent was in 1959-60 when one payment of \$1,104 was awarded a single district.

That was the year the state decided to review the entire program.

After spending millions of dollars to put the distressed districts on their feet, the state realized there were chronically mismanaged districts that still paid unnecessarily high salaries to school board officers or to janitors, or refused to levy reasonable taxes or were indifferent to tax collection.

NEW LAW ENACTED

The result of the 1959 review was a tough, new law—enacted that December—which spelled out the conditions of eligibility for aid and—most importantly—permitted the state to step in, through the local courts, to install a special board charged with the duty of putting the distressed district under responsible business management.

Aid thereby can be allocated on the basis of maximum results. There are presently 33 districts classified as distressed and five awaiting such designation. Sixteen are in Schuylkill County. Ten others are located in the hard coal regions.

Among them are Coal Twp., Northumberland County, which has received nearly \$1 million from the state over a period of 20 years, but had a deficit of \$278,337 in 1959-60 and a bonded debt of \$501,000.

REDUCE DEFICITS

The special board appointed under the 1959 act reduced the deficit more than \$60,000 in the first year. Its principal action was to increase tax income by 60 per cent.

The district — with some 1,900 pupils — is the largest declared distressed.

The state awarded a special grant of \$10,000 to improve the school's educational program, a project that is not complete. This is the only money the district has received since the new program went into effect.

A few districts have had their debt eliminated completely and their budget balanced by the services of the special board. In some cases, the distressed district has been merged with a neighboring district to permit a better operation and aid has been offered—on condition the merger be effected—as an incentive to merger.

In other cases, the state has found that even more efficient management and tax collection and increased taxes have proved futile.

BOWLS A SPARE

HARRISBURG (AP)—Gov. Scranton found the bowling exhibit to his liking when he toured the Pennsylvania Recreation and Sportsmen's Show.

The state's chief executive, after removing his shoes (for better footing) rolled the first ball down the alley, knocked down nine pins. He got the 10th pin with the second ball for a spare.

LITTLE HOPE
TO SETTLE N.Y.
PAPER STRIKE

NEW YORK (AP)—Publishers of New York's nine closed newspapers say a contract settlement with 3,000 striking printers "will be extremely difficult if not impossible" to achieve through normal collective bargaining, and "a long test of economic strength appears inevitable."

The Publishers Association of New York City issued the statement Monday night after the collapse of talks between publishers and printers.

The statement also said: "The publishers hope some way may be found to explore with officials of all unions representing our employees and others to consider our common problem. We all have a deep interest in finding a procedure which will permit resumption of publication of our newspapers and a return to work by all our employees."

67-DAY STRIKE

Mayor Robert F. Wagner led the more than two-week mediation effort to get the nine major dailies back on the streets. They disappeared 67 days ago.

He announced Monday, after an 18-hour negotiating session that he was recessing the talks indefinitely pending reports from both sides.

In Cleveland, Ohio, negotiations continued in an effort to end the blackout of that city's two newspapers, in its 75th day.

Printers union officials in New York charged there were "differences of opinion" among publishers, preventing a settlement here. The publishers denied this.

It takes little to stampee a flock of turkeys. A paper fluttering in the wind may cause hysterical birds to dash to a corner of their pen and pile up in a fatal crush.

Lemons and bananas are year-round fruits and their price does not usually vary much from season to season.

Warriors And Biglerville In Crucial BML Games Tonight; Junior High Will Host Faust

The chips will be down for the Gettysburg and Biglerville High School basketball teams tonight when they battle on foreign courts in the top Blue Mountain League games.

Both are involved with Big Spring in a three-way tie for second place in the second half race with 4-1 records, one game back of the league-leading Camp Hill outfit. Victories are needed by both if they are to retain championship hopes.

Gettysburg takes on Camp Hill or the Lions' floor. Camp Hill scalped the Warriors here in the first half 47-39 with a fine aggressive style of play and need less to say the Warriors will have to give an all-around performance to win on the Lions' floor.

Biglerville faces an equally difficult task in opposing Big Spring at Newville. Big Spring took the first half title with an unbeaten 9-0 mark and its lone setback during the second half was a 37-32 reverse at Camp Hill. The Bulldogs downed Biglerville on the Cannons' floor in first round play 44-33.

Completing tonight's Blue Mountain schedule will be East Pennsboro at Shippenburg, Newport at Northern and Boiling Springs at Susquehanna.

A-F SCHEDULE

All Adams-Franklin League teams will be in action this evening with Littlestown on the lone Adams County team on its home floor. The Thunderbolts will entertain James Buchanan.

Other games include New Oxford at Quincy, Bermudian at Scotland, Fairfield at Fannett-Metal and Greencastle at St. Thomas.

Only one Central Penn Catholic League game is scheduled tonight, Shamokin playing at Lancaster Catholic.

OWLS AT DELONE

Delone Catholic entertains Westminster at McSherrystown. The Squires defeated the Owls 68-58 at Westminster on January 29. Delone sports a 9-8 overall record. Westminster has a 1-6 slate in the Tri-State Conference.

Gettysburg Junior High, its winning streak stopped by Central at Chambersburg Friday night, will attempt to start another skein when it meets Faust of Chambersburg on the local Junior High floor tonight.

The Braves' varsity and junior varsity, with identical 6-2 records, previously won on the Tigers' floor, the varsity 47-23 and the jayvees 42-15. Tonight's jayvee game will start at 6:30.

NOTHING IS "IMPOSSIBLE" NOW IN TRACK

By ED CORRIGAN
Associated Press Sports Writer
NEW YORK (AP)—The days of the "impossible" of track and field are gone. Nothing is impossible today.

The jumpers go higher and further and the runners go faster and faster. An athlete or coach of 20 years ago would not have believed such feats were possible.

No, practically everyone thinks he can be the highest, farthest or fastest.

Less than 10 years ago, in 1954, Brutus Hamilton of Southern California issued a list of possible greatest records. He didn't pick the mile, but he selected 3:41.8 for the 1,500 meters, the metric mile.

SET OF PREDICTIONS

There is about 17 seconds difference between the two, so the mile would be projected to 3:58.8. Peter Snell already has pushed it down to 3:54.4, and no miler worth his salt would admit he couldn't go under 3:58.8.

Here then, are a set of predictions of how high, far and fast the athletes will go in the foreseeable future:

High jump: 7-9½
Pole vault: 17-10 (the fiberglass offers unlimited opportunities).

OTHER "POSSIBLE"

Shotput: 71 feet (Dallas Long of United States holds the current record of 65-10½).

Javelin: 310 feet (Carlo Lievori of Italy holds current record, 284-7).

Discus: 225 feet (Al Oerter of United States holds current world record of 204-10½).

Broad Jump: 27-10 (Igor Ter-Ovanesyan of Russia is close to the ultimate at 27-3).

100 meters: 9.8 (Armand Hary of Germany and Harry Jerome of Canada share record of 10.0).

WISCONSIN'S BADGERS NIP U. OF ILLINOIS

By SHELDON SAKOWITZ
Associated Press Sports Writer

Before the start of the college basketball season, Coach Harry Combes of Illinois optimistically declared, "We're shooting for the Big Ten title, and nothing less than a 14-0 mark will please me."

After Monday night, Combes is destined to spend the next five weeks displeased, even if the Illini, fourth-ranked nationally, manage to wrap up the school's first conference title in 11 years.

Wisconsin's underrated Badgers saw to it by handing the Illini their first league defeat, 84-77 at Madison, Wis. The upset left Illinois with a 14-3 record over-all, 6-1 within the Big Ten.

TWO OTHERS IN ACTION

Only two other members of the Top Ten were in action Monday night. Mississippi State's Maroons, No. 6, turned back Kentucky 56-52 on their home floor and took a commanding edge in the Southeastern Conference race. Seventh-ranked Colorado bolstered its Big Eight lead with a 71-60 victory over Oklahoma at Boulder.

Wisconsin, now 3-4 in the Big Ten, utilized a zone defense in the first half and a stall in the second half to thwart Illinois.

Minnesota's hopes of catching Illinois were jolted by Indiana, 89-77, at Bloomington. The Gophers suffered their third league defeat against five victories.

Oklahoma State moved into sole possession of second place in the Big Eight, a game behind Colorado, with a 54-53 verdict at Kansas.

OTHER RESULTS

In other games Iowa State won at Nebraska 75-34; Wichita romped at home, walloping Drake 73-49; Oklahoma City proved a rude host to North Texas 82-69; Maryland won at South Carolina 51-44; Mississippi posted a 85-78 home floor victory over Tennessee and Furman defeated Virginia Military 91-85 at Greenville, S.C.

Elsewhere — Alabama won at Georgia 61-59; Auburn scored at home over Florida, 88-59; William and Mary routed East Carolina 81-66 at Williamsburg, Va.; Memphis State topped visiting Louisville 76-55; Detroit edged invading Iowa 61-58; Miami of Ohio was a home court winner against Xavier of Ohio 59-57; Seton Hall posted a 99-83 decision at Scranton; Morehead State was a 90-66 victor at home over Murray State; and host Washington State beat Montana 74-63.

Antique Car Club Elects Officers

Earl Fries of York has been re-elected president of the Gettysburg Region Antique Automobile Club of America.

Other officers for 1963 are C. J. Gallagher of Hanover, vice president; Mrs. George Dohn of Shiloh, secretary-treasurer; and Paul Kriner of Chambersburg, Elmer Palmer of New Oxford, and Burnell Redding of Hanover R. S. board members.

Gordie Howe Is Top NHL Scorer

MONTREAL (AP) — Veteran Gordie Howe of the Detroit Red Wings has zoomed to the top of the scoring race in the National Hockey League.

Howe, playing his 17th NHL season, scored five points last week on two goals and three assists and jumped from fifth to first.

League statistics released today show Howe and Boston's Johnny Bucyk, the previous week's leader, each have 56 points. Officially, however, Howe is ranked first because he has scored 27 goals to 22 for Bucyk.

Jean Beliveau of Montreal is third with 55 points while Frank Mahovlich of Toronto, Stan Mikita of Chicago and Murray Oliver of Boston are tied for fourth at 54.

ATLANTA (AP) — The Atlanta Journal said today that veteran coach Wallace Butts resigned as University of Georgia athletic director two weeks ago and his resignation was unanimously accepted by the board.

Subsequently, sports editor Furman Bisher wrote, Butts asked reconsideration and attempted to revoke his resignation but the board turned him down.

Both the Journal and the Atlanta Constitution reported that Butts' 24-year tenure at the university will end officially June 1.

Keilholtz Wins Trip To Miami

Merwyn Keilholtz, 647 Red Patch Ave., was selected by a drawing held last week at Edgewood Bowling Lanes, Emmitsburg Rd., as the winner of an eight-day all-expense trip for two to Miami, Fla.

A total of 3,300 bowlers qualified for the drawing by rolling at least four games between December 15 and February 7. The drawing was made by Les Michener, E. Lincoln Ave., publisher of the Pin Fall Bowling Magazine.

Mr. and Mrs. Keilholtz and their three children will make the trip at a future date. Edgewood Lanes also is providing \$30 for gasoline expenses.

CINCINNATI ON TOP AGAIN FOR 11TH WEEK

By THE ASSOCIATED PRESS
The University of Cincinnati Bearcats, who have won 37 straight games—including 19 this season—top The Associated Press college basketball poll for the 11th straight week.

Trouble could be ahead when the Bearcats go to Wichita Saturday night. Early last season the Shockers snapped a 27-game Bearcat winning streak, 52-51.

Wichita, No. 9 last week, slipped out of the rankings because of a defeat by St. Louis and Ohio State regained a spot in the voting by the 42 members of the special panel of sports writers and broadcasters.

Cincinnati got 40 of the 42 first-place votes. Unbeaten Chicago Loyola, 20-0, which continued as runner-up, got one of the other first-place votes. The other went to Duke, 17-2, which retained third place.

The top ten, with first place votes in parentheses and points on a 10-9-8 basis, are: based on games through Saturday, Feb. 9:

1. Cincinnati (40) 410
2. Chicago Loyola (1) 362
3. Duke (1) 324
4. Illinois 302
5. Arizona State 230
6. Mississippi State 148
7. Colorado 116
8. Stanford 78
9. Ohio State 64
10. Georgia Tech 58

INDIAN PAIR MAY TRY FOR OLYMPICS

OTTAWA, Ont. (AP) — Only a papoose sitter and 200 bucks stand between two Indians from Old Crow and a chance to make the Canadian Olympic skiing team.

Reports from the Far North Woods say the pair, one a 23-year-old mother of five little Indians, may be the fastest things on two skis in all Canada.

If they can make their way to Ottawa from Old Crow, an Arctic Circle hamlet on the Porcupine River in the Yukon, by Thursday, they will get a chance to make the Olympic team.

"I'm not going to pooh pooh anything," said Frank Cooke, the selector of the cross-country Olympic team for the Canadian Amateur Ski Association.

HAVE BEEN COACHED
Cooke said he had advised the coach of the two Indians, Ben Charlie and Martha Benjamin, that the pair will need a passage to Ottawa and \$100 apiece. He will take care of them from here, he said. Martha is expected to leave the children at home.

Ben and Martha are from the Locheux tribe of the Vantakutchin (People of the Lakes) Indians, who take to skiing as soon as they leave the teepee.

An Oblate missionary known as Father Mouchet, a former Swiss Army ski instructor, has been coaching them for three years. He says their cross-country times are as good as any recorded in Canada.

One report has Ben doing 15 kilometers (about 9 miles) in 55.8 minutes, compared with the best time of 65.04 minutes for Canadian ace Antero Rauhanen over the same distance.

Strike Talks Shift Site

MEDIA, Pa. (AP)—Talks aimed at settling the five-day-old Red Arrow transit strike shifted to the Delaware County courthouse today, but one party said it would not be there.

Representatives of Lodge 998 of the Brotherhood of Railroad Trainmen announced Monday they would not accept the invitation of county commissioners from Delaware, Montgomery and Chester Counties to attend the session. The transit firm operates in those three counties.

"The place to settle this is at the bargaining table, not the Media courthouse," said William J. Lester, the brotherhood's international representative.

Brotherhood representatives scheduled a later bargaining session with Red Arrow management, however.

Red Arrow and negotiators for Local 267 of the Transport Workers Union accepted the invitation to come to Media.

MOLINAS GETS JAIL TERM IN GAME FIXES

By DON WEISS
Associated Press Sports Writer

NEW YORK (AP)—Jack Molinas, a tall, handsome ex-basketball star who once reportedly boasted he'd never be implicated, faces a jail term of 10 to 15 years today for masterminding a \$70,000 fix of college basketball games.

"In my opinion, you are a completely immoral person. You are the prime mover of the conspiracy and you were the person most responsible. You cautiously used your prestige as a former basketball star to corrupt college basketball players and to defraud the public," Judge Joseph A. Sarafite of the State Supreme Court told Molinas, 30, in passing sentence Monday.

The sentencing of the 6-foot-6 former Columbia University star end Fort Wayne professional player, along with two confessed bribers, was hailed by Walter Byers, executive director of the National Collegiate Athletic Association.

"We are indebted to the energies and efficiency of the law enforcement agencies of New York and appreciate the attitude of the court itself," Byers said.

Sentenced with Molinas, who was convicted Jan. 8 on five counts of bribery, were Joseph Hacken, 42, of New York, and Philip LaCort, 39, of Boston. Hacken, described as Molinas' chief lieutenant in the plot to fix 43 games between 1957 and 1961, was sentenced to 7½ to eight years. LaCort, who pleaded guilty to fronting for a Boston gambling group, received 2½ to five years.

Aaron Wagman, 29, of New York, who had pleaded guilty to bribing nine players and making 37 bribe payoffs, received a suspended sentence of three to five years because he spent 23 months in jail as a material witness in testifying against Molinas. He also faces a five-to-10 year term on a Florida conviction for football fixing.

SUSPENDED TERMS
Five other former players, Lou Brown, Charles Tucker, Jerry Vogel, Dan Quindazzi, and Dave Budin, received suspended sentences after cooperating with Dist. Atty. Frank Hogan in his investigation.

Brown, who has moved from his Jersey City home to Greenville, N.C., formerly played at the University of North Carolina. Tucker of Yonkers, N.Y., at Kalamazoo, Mich., College; Vogel and Quindazzi, both of Yonkers, N.Y., at the University of Alabama, and Budin at Brooklyn College.

Coed Dribblers Down Muhlenberg

The Gettysburg College girls' varsity basketball team won its second victory against one loss by defeating Muhlenberg 35-25 here Monday afternoon. Peg Steeley tossed in 11 points to lead the Bullets.

Elizabethtown College will come here for a pair of games Wednesday evening, the jayvee game starting at 7:30.

WINTER BLAST HITS SOUTHERN STATES TODAY

By THE ASSOCIATED PRESS
A fresh blast of wintry weather—with snow, sleet, strong winds and freezing temperatures—hit wide areas in the South from Texas to northern Georgia today.

The icy air from the northern Midwest, driven by strong northerly winds, dropped temperatures sharply in the Southern sections. The cold air headed into northern Florida. Readings from 15 to 20 degrees below normal were indicated.

Cold wave warnings were posted for parts of Louisiana, Tennessee, Mississippi, Alabama, Arkansas, Texas and Oklahoma.

2-INCH FALL

Two inches of snow and sleet, along with winds of 15 to 35 m.p.h., hit many areas in northeast Louisiana and central Mississippi. Up to four to five inches of snow was in prospect. Temperatures dropped to the teens in northern Mississippi and northern Louisiana, with freezing marks expected in the Gulf Coast.

Snow also fell in northern parts of Georgia and Alabama and eastern Tennessee and a narrow band of freezing rain pelted areas from Montgomery, Ala., to the Great Smokies.

In Jacksonville, Fla., the Weather Bureau warned of flooding and further erosion in Jacksonville beach communities from the third storm which struck the northern Florida coast this winter. Beach communities waited for 100 carloads of granite from North Carolina to be used to plug holes in seawalls.

ICE, SNOW IN TEXAS

Much of Texas was glazed with ice and snow. Six inches of snow was dumped in the Lubbock area.

DEATHS

CHICAGO (AP)—George Goodwin Dewey, 90, the only son of Adm. George Dewey, the hero of Manila Bay, died Monday. Dewey, who had been confined to a wheelchair since 1960 when he suffered a hip fracture in a fall, suffered a stroke last Saturday. Dewey, a bachelor, reportedly accumulated more than a million dollars in the stock market.

PALO ALTO, Calif. (AP)—Cyril Frank Elwell, 78, a pioneer in discovering and developing radio communication, died Monday after a long illness. Elwell and Dr. Lee De Forest, inventor of the vacuum tube, in 1908 carried out the first radiotelephone test.

MONTGOMERY, Ala. (AP)—Earl Venable, 82, retired executive secretary of the National Republican Congressional Committee, died Sunday. Venable, who retired in 1951 after serving 30 years on the committee, suffered a stroke two weeks ago. At one time he was editor of the Boies (Idaho) Statesman.

WASHINGTON (AP)—Robert W. Richards, 62, manager of the Washington bureau of Copley Press, died Monday after undergoing a brain operation Sunday. Richards was veteran of 41 years in the Copley chain, starting in 1922 on the Aurora (Ill.) Beacon-News. He was born in Lincoln, Neb.

In west Texas, with four inches in Nacogdoches in the eastern section. Schools in many areas were closed.

The mercury dropped to 15 below in Alpena, Mich., while sub-zero marks extended into northern Illinois. It was 3 below in north-west suburbs of Chicago.

The zero zone extended from parts of the northern Rockies eastward across the northern tier of states into the upper Great Lakes region. The teens were reported from most of New Mexico eastward into the Ohio Valley.

SCOUTS HELP LIBRARIAN IN BOOK ROUNDUP

HEWLETT, N.Y. (AP)—The trouble with some people who borrow books from the public library is, they're not trustworthy. They forget to return them.

The Hewlett-Woodmere public library checked recently and found that 200 delinquent borrowers were holding about 300 books. In casting about to find some way of getting the books back, the library hit on an eager group that is trustworthy. Also loyal, helpful, friendly, courteous, cheerful and thrifty—the Boy Scouts.

Next Saturday, each member of Woodmere Scout Troop 21, armed with a warrant signed by librarian Elizabeth Thomson, will go to the homes of delinquent borrowers and ask for the books.

The plan for the good deed began when Scoutmaster Robert S. O'Carroll visited the library and learned of Mrs. Thomson's plight. O'Carroll canvassed his troop and found them ready to do their duty.

Mrs. Thomson, whose son is in the troop, divided this Long Island community—a New York City suburb—into areas. O'Carroll drew up tentative assignments for his boys, making sure none would have to stray far from his home.

The library will bill delinquent borrowers for fines later.

Mrs. Thomson said the missing books are worth about \$1,000.

RUSSIA TELLS NBC TO CLOSE RED BUREAU

MOSCOW (AP)—The Soviet government ordered the National Broadcasting Co. today to close its Moscow bureau because of a program about Premier Khrushchev.

The Foreign Ministry's press department called in NBC correspondent Russell Jones and told him to leave the country.

Press director Leonid Zamyatin told Jones that an NBC program Feb. 3 titled "The Rise of Mr. Khrushchev" and another late in January were anti-Soviet.

Tass, the Soviet news agency, said: "This step was taken in connection with a recent series of malicious anti-Soviet broadcasts by the National Broadcasting Co. which grossly distorted Soviet reality and had the obvious purpose of arousing in the U.S. population hostility toward the Soviet Union."

STUDIES CHARGES

NBC has been represented in Moscow by Frank Bourgholtzer since June 1961. Jones has been in Moscow while Bourgholtzer has been traveling in Spain.

In New York, William McDreuz, executive vice president of NBC News, said the company will have no comment until it studies the Soviet charges further.

Bourgholtzer will be allowed to return to Moscow to close the NBC bureau.

Jones said Zamyatin made clear that the closure of the bureau was not aimed at either himself or Bourgholtzer.

It was the second time in recent years that a U.S. broadcasting company's Moscow bureau has been closed because of a program presented in the United States.

The Columbia Broadcasting System bureau was closed in October 1958 after a CBS television play, "The Plot to Kill Stalin," showed Premier Khrushchev preventing an aide from giving medicine to Stalin as he lay dying.

CBS was allowed to reopen its bureau in November 1959.

OLD LADY AT 24

PEARL HARBOR (AP)—The grand old lady of the Pacific is the Fleet Marine Service Force's older Cimarron.

She's the Navy's oldest ship in continuous active service — she'll be 24 in March.

The Cimarron served in every major Pacific campaign in World War II and was active throughout the Korean War. During the Korean campaign alone, the Cimarron pumped 115 million gallons of fuel to U.S. Navy vessels.

She is due for rotation from the Seventh Fleet after another tour in Far East waters.

Cooks in her galleys and at Pearl Harbor Naval Base are beginning to bake the old lady a cake. They feel she deserves one.

HARVARD RIVALS AGAIN

CAMBRIDGE, Mass. (AP)—Harvard will renew its football rivalry with Massachusetts and Rutgers this year. Massachusetts will be met here September 28 for the first time since 1960.

Rutgers returns on October 5 for its first visit since 1947. Following these two games the Crimson will face seven Ivy League foes on successive Saturdays.

BAY SHORE, N.Y. (AP)—William J. Graham, 85, a retired vice president and director of the Equitable Life Assurance Society and a pioneer in group insurance, died Monday. Graham, who joined Equitable in Chicago in 1911, was born in Louisville, Ky.

NEW YORK (AP)—Frank Loesser, a music publisher as well as Broadway composer, has made a 10-year contract with Robert Wright and George Forrest for their songwriting services.

The pair's first assignment is creating a score for a musical adaptation of "Anastasia," a melodrama about one of the daughters of Russia's last czar, Wright and Forrest were previously associated with "Song of Norway" and "Kismet."

MAC ASSURED HOUSE BACKING ON TRADE PLAN

By ANTHONY WHITE
LONDON (AP)—Prime Minister Harold Macmillan appeared certain to win parliamentary endorsement today of his program to counter the effects of the French veto barring Britain from the Common Market.

The House of Commons, winding up a two-day debate on the country's economic future, was scheduled to vote late in the day on a Labor party motion of no confidence. With the Conservatives holding a 100-vote margin over the combined Labor-Liberal opposition, there was virtually no chance that Macmillan's government would fall on the issue.

Opening the debate Monday, Macmillan roundly denounced President Charles de Gaulle's government for its veto, then outlined a series of emergency actions he is planning to fill the void caused by the collapsed negotiations.

Among them:
A Commonwealth trade ministers' meeting to be held in London in April or May to stimulate business.

Britain will seek closer trading cooperation with the United States, her friends in Europe and other nations.

The government intends to drive for world commodity agreements, a cutback of tariffs and freer trade generally.

West German Chancellor Konrad Adenauer declared in an interview he feels certain Britain can gain admittance to the European trading bloc soon.

In what could be interpreted as a rebuke to De Gaulle, Adenauer also emphatically backed the Kennedy-Macmillan Nassau agreement calling for the establishment of a multinational nuclear force for the North Atlantic Alliance.

THE HARD WAY

LOUISVILLE, Ky. (AP)—The next time Dr. John N. Sims takes a trip he'll make sure the train has a diner attached.

Sims, a faculty member of the Baptist Seminary School of Music, was returning with a friend from a concert at Mississippi College.

They boarded a train with one passenger coach up front but with no facilities for food. A stop was made at Paris, Tenn., and Sims sprinted for a snack bar 50 yards away.

The train pulled out and Sims, clutching a bag of sandwiches, made a desperate leap and landed on a flat car five lengths back. Then followed a hair-raising effort to make his way forward while the train picked up speed.

Hanging to the rods hobo style, he finally reached the coach, the bag of sandwiches gripped between his teeth.

FAMILIAR TV FACES BECOME CLOSE FRIENDS

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—I see much more of Perry Mason than I see of my lawyer. Drs. Kildare and Casey come to visit me infinitely more often than does my family physician and I know them a lot better.

The only psychiatrist and trained nurses of my acquaintance are named Bassett, Thorpe and Lucas. I know my way around Alden General better than I do my home-town hospital.

Widows Lucy Carmichael and Vivian Bagley drop into my living room once a week and are most entertaining. What's more, I can relax when they are there, need not make conversation and don't have to dress up for them or offer them refreshments. There's never any problem about their overstaying their welcome. They depart on a split second schedule—or I can dispatch them sooner by a mere twist of my wrist, with no hurt feelings.

RESPOND WARMLY

I'm not often at home during the daylight hours, but women who are and who turn to television over the years, get to know the soap opera characters much better than they know their own relatives or friends. Why not? They see Vanessa and hear her troubles every day. Young Dr. Malone usually does more talking in the afternoon than many husbands do when they drag home from work, tired, to bury themselves in a newspaper or to watch the fights.

It is no wonder that the public responds so warmly to "television people." Many of them are more real and closer to the viewers than actual acquaintances.

Johnny Carson, whose late evening programs have been notably light on big-name guests, has a power-house booked for next Monday: Joan Crawford and Robert Taylor. The former will receive an award, the latter will plug the adventure series in which he'll star on NBC next season.

Learned To Sing To Avoid Army KP

OLD BRIDGE, N. J. (AP)—Because singing is more pleasant than doing kitchen police, basso Louis Sgarro has a career at the Metropolitan Opera.

Sgarro, who makes his home here, had no special desire to sing until he entered the Army in World War II. "I quickly learned that by singing you could escape many unpleasant military duties such as KP," he says, "so I sang."

Sgarro later studied in Italy for two years. He made the grade with the Metropolitan eight years ago.

Catnip Plant Moved With "Music" Cast

NEW YORK (AP)—Four cats got special attention during transfer of "The Sound of Music" to one Broadway theater to another.

Included among all the dressing room belongings of the cast carried from the Lunt-Fontanne to the Mark Hellinger was a catnip plant and watering can to keep it fresh. The pungent herb is grown by some of the girl singers as a supply for their feline mascots.

"The Sound of Music," now in its fourth year, is one of four Rodgers - Hammerstein shows among Broadway's five longest-running musicals. Only "My Fair Lady" exceeds the runs of "Oklahoma!," "South Pacific," "The King and I" and "The Sound of Music."

BEAR KILL IN STATE HEAVY; 72,913 DEER

HARRISBURG (AP)—Pennsylvania hunters killed twice as many bears last year as in 1961 more deer than in any year since 1959.

Statistics released by the game commission Monday showed the bear kill jumped from 237 in 1961 to 554 last year. The one week season produced the biggest kill since 1947 when 569 bruins were bagged.

Hunters shot 72,913 deer in 1962, including 42,266 legal bucks and 30,647 antlerless deer. The buck kill was the state's largest in four years.

MOST IN LYCOMING

M. J. Golden, executive director of the game commission, noted that 30,647 antlerless deer were killed during the one day season, Dec. 17, compared to only 17,327 in the 1961 season.

"The official harvest figures are ample proof that Pennsylvania continues to be one of the top three states in the nation, and the best in the East, for the hunting of whitetail deer," Golden said.

Lycoming County led the state in the 1962 bear harvest with a reported kill of 88 bruins. Other counties in the top five were Pike (68), Clinton (55), Cameron (41), and Elk (29).

Potter County was high in total buck kills with a reported harvest of 2,023.

Meanwhile, small game kills fell off sharply, resulting in a substantial drop in the overall game harvest for 1962.

KILLED WITH ONE SHOT

CHATTANOOGA (AP)—Police believe a powerful crossbow was used to shoot an arrow which killed Dillmon Thrasher, 28, of Chattanooga.

A feathered wooden shaft was recovered after an autopsy showed a steel arrowhead imbedded in Thrasher's body. It is the first homicide of its kind in police department records.

De Gaulle's Attitude Stirs Resentment Against U.S.; Britain Stalls Open Break

EDITOR'S NOTE—Is President de Gaulle stirring up resentment of U.S. policies in Europe? AP correspondent William L. Ryan found some answers on a trip to Paris, London, Bonn and Brussels. This is the second of four articles on the Common Market, NATO, the ideal of European unity—and what they mean to Americans.

By WILLIAM L. RYAN
AP Special Correspondent

LONDON (AP)—There are vocal and influential people in Western Europe who regard the American presence on the continent as more of a menace than a blessing.

The Brussels explosion at the end of January, when France slammed the door to Europe in Britain's face, has tended in some quarters to increase irritation with the United States.

BRITAIN CHECKS ANGER

The British government's careful policy, keeping its anger in check after Brussels, has kept a thumb in the European dike, holding back at least for the time being a tide of resentments.

These could rip Europe asunder, sharpen conflicts and lead toward a thing called continentalism. That suggests less reliance on the United States, and a Europe for Europeans.

The germ of such a development is there, nurtured by French President de Gaulle's outspoken suspicions of and resistance to Washington.

There is a curious blending of right-wing conservative views with those of the far left regarding the U.S. role in Europe.

CURIOUS VIEWS

In England, for example, certain articulate forces were relieved when France's veto kept Britain out of the six-nation Common Market. They saw Britain at a disadvantage as part of an integrated Europe. They prefer something like an enlarged EFTA (European Free Trade Association) without surrender of economic sovereignties.

Things will be tough now for Prime Minister Harold Macmillan's conservative supporters. There had been 15 months of negotiations, with all the agonizing uncertainty, before the door was slammed.

Britain will have a general election before October 1964, and if the government is overturned, the whole picture of Britain's attitude toward the Common Market can be changed radically.

Maurice Macmillan, House of Commons member and son of the prime minister, says he sees no alternative to eventual British membership in an integrated Eu-

rope as part of an Atlantic community. He told me the British face a difficult, if not critical, two or three years in which they will have to tighten up all along the line, reduce tariffs and put up stiffer competition for markets. It will not be easy for Britain, struggling with manifold problems, including an unemployment figure which has reached 800,000.

ALLUDED

This concept of Britain's future attitude toward the Common Market will meet stiff resistance. One spokesman for the right-wing Tory group is Viscount Hinchinbrooke, the earl of Sandwich. He led a revolt against Common Market membership with the campaign cry that it would betray British interests and make Britain too subservient to the United States. This line was powerful enough to deprive the Conservatives of a once safe House of Commons seat in a special election last November.

UNEASY FEELING

Lord Hinchinbrooke, an amiable peer who does not consider himself anti-American, told me he finds deep unease in Britain about the United States. He says people should forget about the menace of Communism, "wake up and see that the United States has done us harm, while the Russians have not." But, he complained, Britain's foreign office is tied tightly to U.S. policy.

There is latent anger in Britain about this, he said. He pointed to U.S. policy during the Suez crisis in 1956, U.S. recognition of the revolutionary Yemen Government in the Middle East where British interests are threatened, and the U.S. attitude in the Congo—where, he says, Washington policy threatens Katanga's neighbor, British-ruled Rhodesia.

NO SOVIET FEAR

He says Russia is not as menacing as it was 10 years ago, when British-American domination of Europe made sense. Fears of Russia have diminished, he insists, making the united, integrated Europe concept out of date.

This is close to the view of French President Charles de Gaulle. Without being great admirers of De Gaulle, influential people in England, France and elsewhere say Europe should act on her own in approaching Moscow now wait for the U.S. to lead. This, they say, is not sponsorship to a third force but an attempt to be more independent.

MINORITY VIEWS

These still appear to be minority views. There remains a great backlog of pro-American senti-

GUNFIRE KILLS 3 IN ONTARIO LUMBER STRIKE

KAPUSKASING, Ont. (AP)—A smoldering feud between striking lumber workers and independent loggers erupted in gunfire Monday. Police said three strikers were killed and nine wounded.

The gunplay came without warning at Reesor Siding, 37 miles west of here. Nineteen independent loggers were arrested and 10 rifles, two shotguns and a revolver were seized.

WAS UNEXPECTED

Police said the trouble began when about 500 members of striking Local 2295 of the Lumber and Sawmill Workers Union approached a pile of pulpwood cut by the independents. The wood was to be delivered to the Spruce Falls Power & Paper Co., struck by the union Jan. 14.

Staff Inspector Ralph Taylor of the Ontario Provincial Police said about 12 police tried to hold back the strikers but were brushed aside.

Then the settlers—the independent loggers—opened fire with rifles and shotguns, he said. "We didn't know they had guns. We never expected anything like this."

Taylor said the strikers were not armed.

Threats of violence have hung over the area since the strike began. A special unit of 25 police officers has been patrolling the district.

The union woodcutters and haulers from eight camps have been roaming roads in the area, and spokesmen for the Spruce Falls firm have charged they were terrorizing the small operators.

TOKYO (AP)—A Japanese navy helicopter burst into flames and crashed into a hangar Monday during a test flight, killing six of the seven men aboard, the Defense Agency reported. The seventh man was seriously burned.

ment in Europe, pronounced in West Germany, Italy, the low countries and Britain. But implicit in development of the independent Europe idea is the possibility that new anti-Americanism will grow in England and on the Continent.

On the Continent, some elements approve De Gaulle's twitting of the United States. Should the Common Market collapse from strains induced by the January events, Europe could drift more and more away from the United States and toward De Gaulle's European bloc view.

Next: De Gaulle's vision of history.

TWO-IN-ONE BEAUTY TRICKS.

In this high-pressed era, many women are short on time when it comes to beauty routines.

And there's where a few two-in-one beauty tricks would be mighty useful. Those below are easily dovetailed with other activities:

• On evenings when you plan to catch up on homework or deskwork, go without make-up—except for lipstick. First cleanse your face and then film it with a treatment cream or fluid. In that way your skin gets a long night of pampering. Yet you look presentable for the family or unexpected visitors.

• When you are on the receiving end of a telephone conversation, drop your head back so as to get a good pull on the throat muscles. Then raise it to normal position, when it's your turn to speak. During a five-minute conversation, the routine offers real value in the slimming and tightening department.

• Cuticles respond to an application of cream and a thorough massage, a gambit that fits into TV and radio sessions.

• Your hands get a softening treatment while you go about your business, if you lotion them before putting on street or work gloves.

• Anywhere, anytime, you can practice good posture. And the habit pays off in a sprucer, spritier figure.

In just these five tricks we have found a "timeless" way to improve the skin, hands and figure. You doubtless could devise others to suit your special needs. Why not try?

Paraguay General Holds Dictatorship

ASUNCION, Paraguay, (AP)—Gen. Alfredo Stroessner was assured of a new five-year term as president today.

The 50-year-old artilleryman piled up leads as high as 8-1 in unofficial returns from Sunday's election in which women, voting for the first time in Paraguay, easily outnumbered men.

Stroessner's opponent, lawyer Ernesto Gavilan, 65, never had a chance to end South America's only remaining dictatorship. His candidacy purportedly was arranged by Stroessner's Colorado party for a semblance of opposition.

Stroessner has been in power nine years.

4 SISTERS DIE IN ICY WATERS; FIFTH RESCUED

By ROBERT R. HOLTON

BABYLON, N.Y. (AP)—Four sisters died under the ice on a lake but the oldest in the family—an 11-year-old girl—was saved.

Paul Barnard, 23, a Suffolk County policeman, saved the girl after hearing her scream as he fed ducks, his 2-year-old son by his side.

Frank Corridan, somewhat older than Barnard, was in another area of the lake fishing. His wife was at home, tending their 6-month-old twin daughters and 2-year-old son.

PLAYED ON ICE

The five other children of the Corridans—all girls—frolicked on the ice 100 yards from where Barnard crouched coaxing the ducks.

Suddenly he heard a girl scream. He saw Lorraine Corridan, 11, clutch desperately at jagged ice forming a hole through which she had slipped.

Telling his son to stay put, Barnard plunged waist deep into the icy water.

Lorraine was screaming that her sisters were "under the ice—help, help."

After several tires and a return to shore for rope from his car, Barnard pulled the hysterical girl to safety.

Hours later the bodies of her four sisters were brought to the surface.

Dead were Louise, 3; Mary Ann 5; Patricia, 7, and Kathleen, 10.

GOP CONSIDERS SCRANTONMEN IN MAYOR RACE

PHILADELPHIA (AP)—Three members of Gov. William W. Scranton's cabinet are among nine men being considered as Republican mayoralty candidates for the 1963 municipal elections.

A 14-member Republican committee met Sunday and narrowed their choice from 14 men to nine before adjourning until next Saturday.

The committee did not say whether any proposed individual was out in front but it was reported that Republican leaders are leaning toward Arlin M. Adams, 42, state secretary of welfare, GOP City Chairman Wilbur

Hamilton said the choice of a nominee is wide open.

TWO OTHERS

The two other Scranton cabinet members are Atty. Gen. Walter E. Alessandrini and Theodore B. Smith, state secretary of revenue.

Adams said he is resisting pressure of Republican officials and friends for personal reasons. He said he would be influenced by any suggestion from the governor.

Alessandrini has said he prefers to remain as state attorney general.

Smith was an unsuccessful candidate for district attorney of Philadelphia in 1961.

The others on the list are Joseph Bruno, unsuccessful GOP candidate for city controller in 1961; Emil F. Goldhaber, unsuccessful candidate previously for district attorney and councilman; W. Thacher Longstreth, who was de-

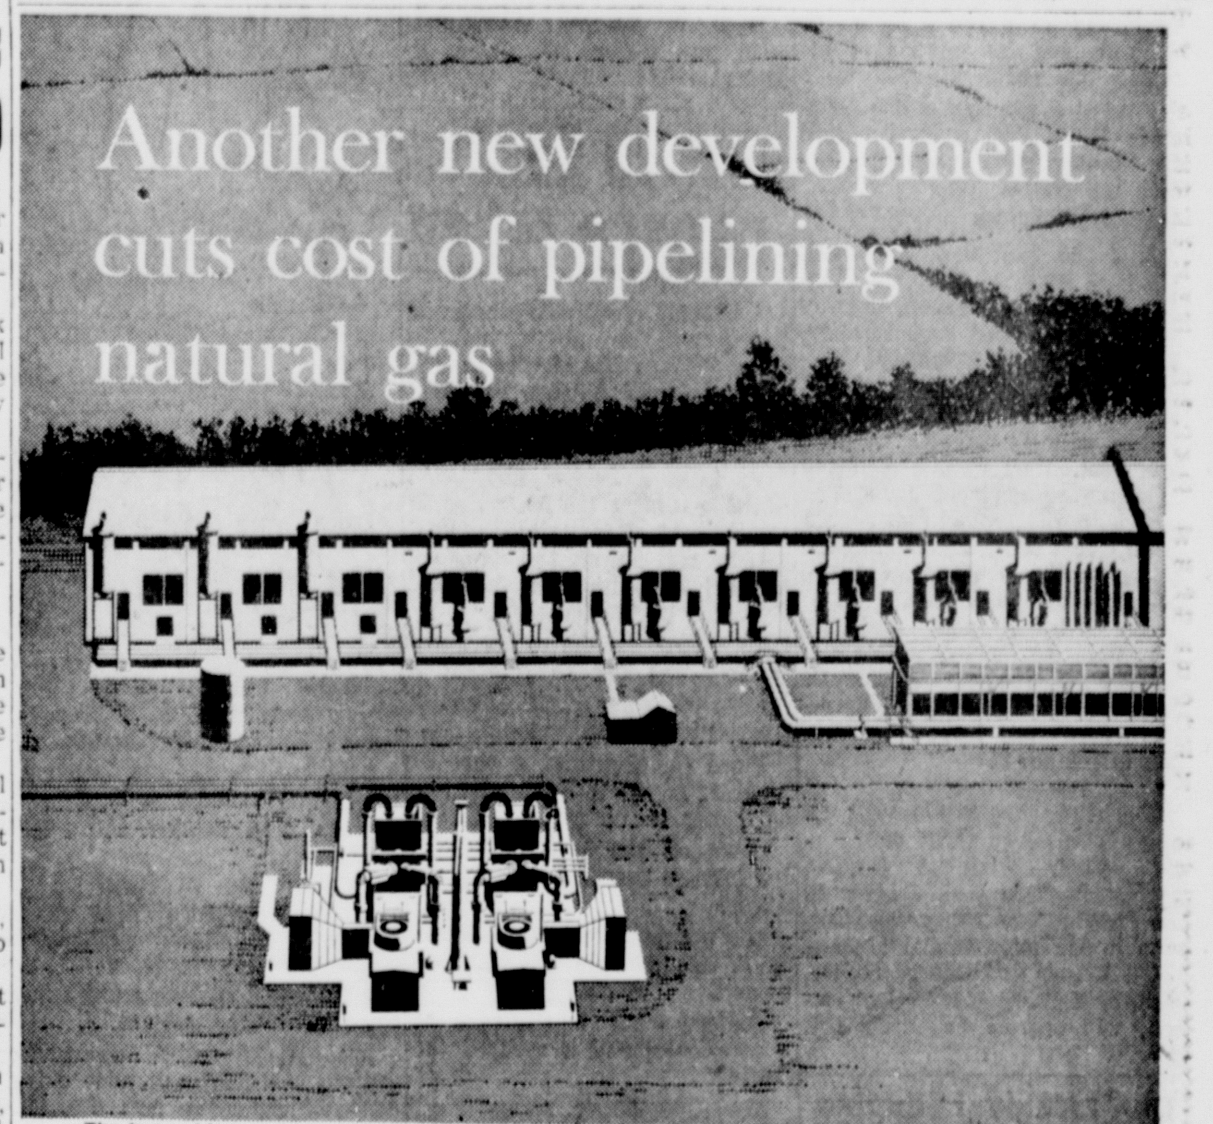

feated by Democrat Richardson Dilworth for mayor in 1955; former Councilman Donald C. Rubel; Atty. James McDermott, and W. Wilson White, a former U. S. attorney.

Mayor James H. J. Tate is expected to be the Democratic candidate.

The two outdoor compressors (foreground) can produce as much horsepower as the ten compressors housed in the building in the background.

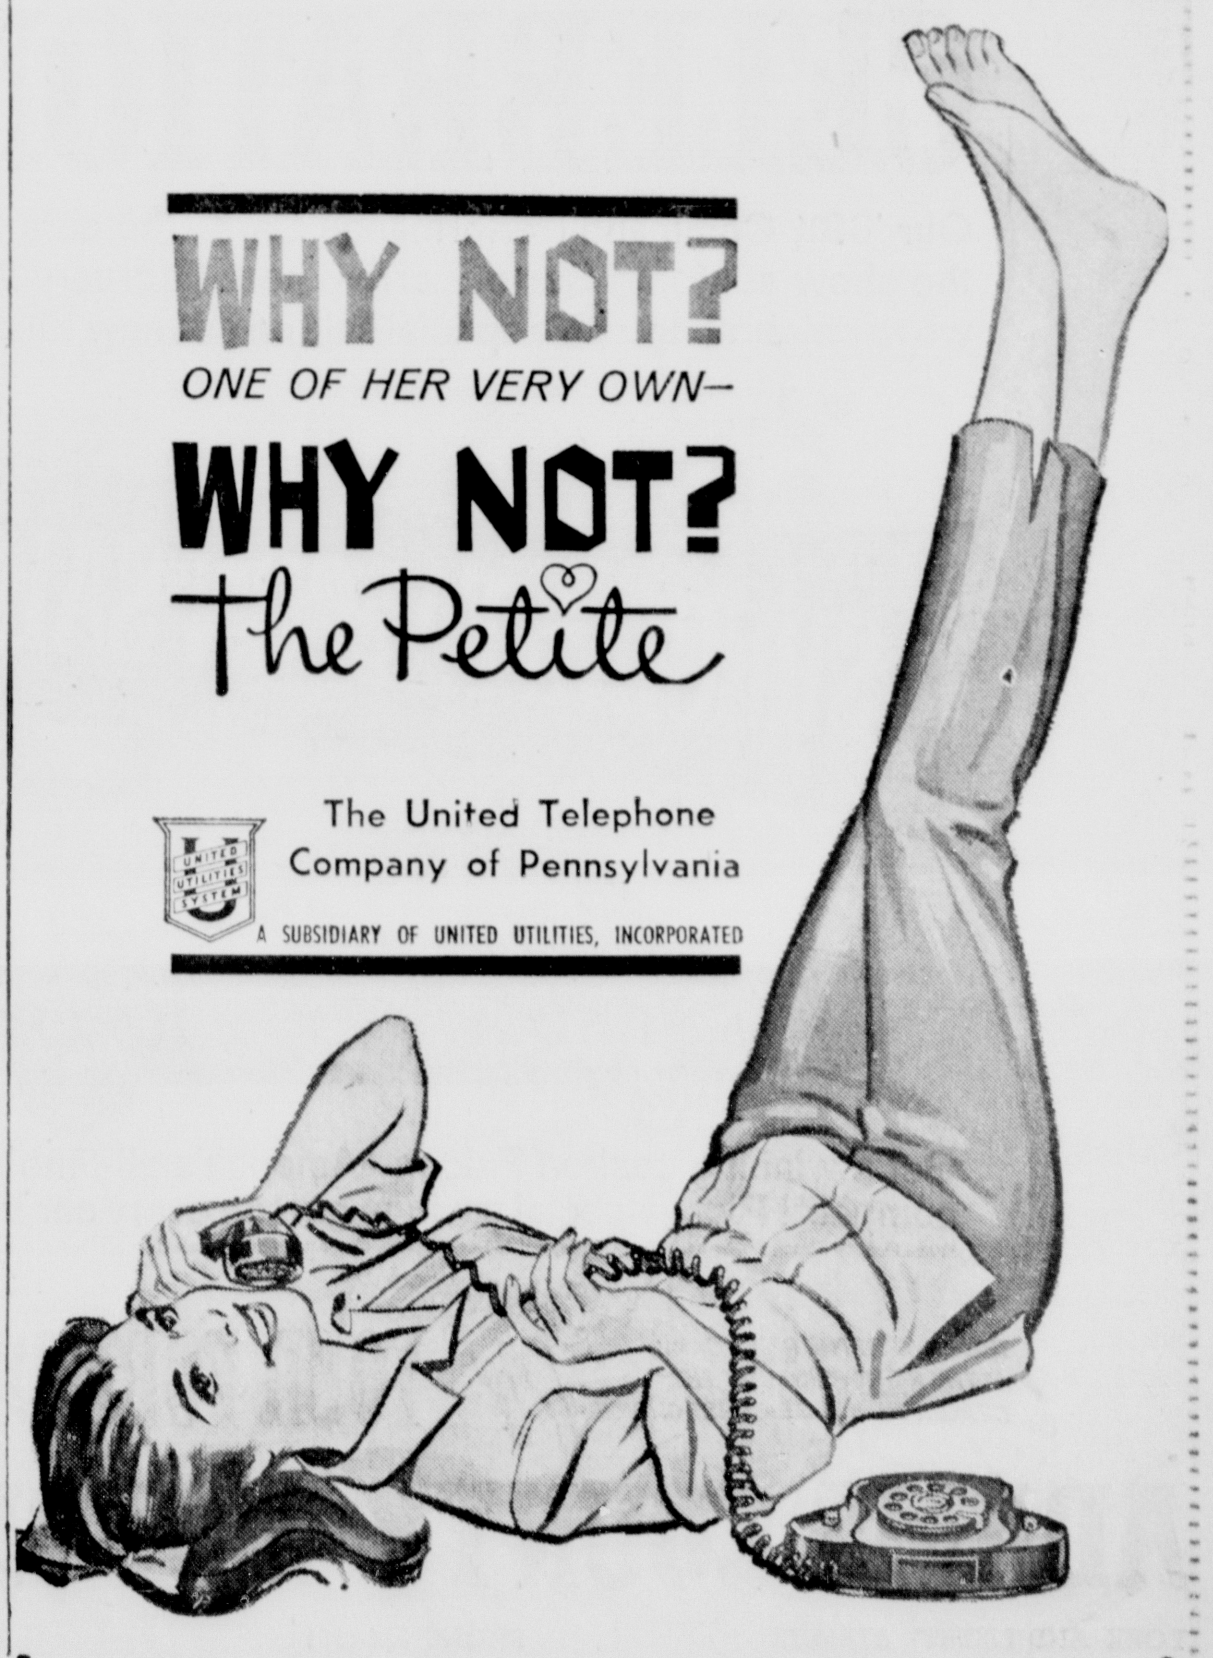

Pipeline compressors traditionally have been housed in buildings. But two years ago, Texas Eastern departed from tradition—and installed its first compressor unit out in the open. The new concept proved a good one. As additional horsepower has been needed, more outdoor units—electric motor and gas turbine driven—have been added along Texas Eastern's 7,000-mile natural gas system. The installation savings have already amounted to almost a million dollars. Future savings can run even higher.

Texas Eastern, as the leading pipeliner of energy, also takes the lead in searching for and finding new ways to cut pipelining costs—and in setting the pace for economical and efficient pipelining. This

benefits every user of natural gas in the areas served by Texas Eastern, whether in home or in industry. Texas Eastern Transmission Corporation, Houston, Texas.

CHINESE WALL MAY BE RAZED IN TRENTON

TRENTON, N.J. (AP)—A large part of Camden's "chinese wall," a railroad embankment that slices through the city's mid-section, will become a thing of the past under a compromise plan for a Philadelphia-Kirkwood transit line.

Gov. Richard J. Hughes, who announced the plan Monday, said the compromise had been worked out by state Highway Commissioner Dwight R. G. Palmer.

Mayor Alfred R. Pierce of Camden, an opponent of earlier proposals, said he was pleased with the plan. Palmer said he thought the compromise also would satisfy Philadelphia mayor James H. J. Tate and construction of the transit line could proceed.

Pierce, a member of the Delaware River Port Authority, said the line should be in operation before the end of 1965.

HAS OPPOSITION

It is to run from Kirkwood, about 11 miles southeast of Camden, to the Philadelphia subway system with later branches into Moorestown and Woodbury.

The port authority's original routing had drawn opposition from Pierce and the Greater Camden Movement. They wanted it linked to urban development plans. The port authority replied that such a tie-in would boost the cost to such a degree that the project would be impossible to finance.

The original port authority alignment for the transit line will be followed. The port authority is to contribute \$25 million of its reserve funds and borrow \$30 million to finance it.

The Milwaukee Braves will operate with seven farm teams in 1963. Their Triple A working agreements are with Denver in the Pacific Coast League and Toronto in the International League.

Cal Ermer and George Staller, Baltimore Oriole coaches last season, will operate as Scouts this year.

Licensed Bingo Many Aid Schools

HARRISBURG (AP)—Part of the state's growing education tab would be picked up by legalized bingo under the plans outlined in a new bill before the House.

The bipartisan proposal introduced Monday (H254) would authorize the state police to license bingo and similar games sponsored by churches, volunteer fire companies and civic, fraternal and charitable organizations.

Under the plan 90 per cent of the proceeds of games would be retained by the sponsoring organization. The rest would go to the state's general fund, earmarked for education.

Prizes would be limited to \$250 for a single game and a total of \$1,000 for a single occasion.

Sponsors were Reps. Eugene S. Rutherford, R-Lancaster; Clarence F. Mank, R-Lebanon; George B. Hartley, D-Philadelphia, and William G. Piper, R-Berks.

HOW TO KEEP ROSES FRESH

A bouquet of roses is always an appropriate way for a man to express his love to his sweetheart, advises James Allbourn, president of the Pennsylvania Retail Florists' Association.

To keep a fresher impression of the sentiment, the Pennsylvania Department of Agriculture recommends the flowers be properly handled at home after they are delivered by the florist.

To extend the life of cut roses the following care is suggested:

Give the ends of the stems a fresh cut with a sharp knife.

Place the stems in a vase of tepid water, about 100 degrees, or as hot as bath water.

Clean off the lower leaves of the stem so they will not be in the water.

Add a flower preservative to the water so the flowers will last longer.

Replace water in the vase as it evaporates and is used by the blooms.

Keep the flower arrangement away from drafts, hot air vents and direct sunlight.

If at all possible, keep the bouquet in a cool room at night so the blooms will be fresh and perky in the morning.

After a couple of days, remove any faded flowers and rearrange the flowers in the same or a new container.

STORMS DELAY LAUNCH EFFORT

CAPE CANAVERAL, Fla. (AP)—An overnight rain and lightning storm which kept workmen off the launching pad forced a 24-hour postponement—until early Thursday—of an attempt to launch the Syncom communications satellite.

The shot had been scheduled for 12:01 a.m. Wednesday. The National Aeronautics and Space Administration reported that the launch crew had been unable to do preliminary work on the rocket and payload because of the danger posed by lightning, which accompanied heavy rain. Officials had expressed doubt earlier that the Wednesday launch date could be met because of predicted high altitude winds which could affect the Delta booster rocket.

MOVE TO KILL SCHOOL LAW IS HELD UP

HARRISBURG (AP)—Senate opponents of compulsory school district reorganization were reported ready today to continue their fight despite Gov. Scranton's plan to submit a new mandatory consolidation law.

However, they delayed action Monday night on a bill that would, in effect, kill the present mandatory law until they could hear Scranton's proposals.

The governor called for a joint session of the legislature today to deliver his major policy statement on education generally and reorganization in particular.

OLD ARGUMENTS

Senate Republicans have indicated they would pass the one-year moratorium bill, including the ripper amendments, despite reports the bill would be quietly pigeon-holed in the House at Scranton's request.

While the legislature mostly marked time Monday, Senate Democrats kicked off a 50-minute harangue covering all the old arguments for and against compulsory reorganization.

The House gained the honor of completing action on the first bill of the 1963 meeting, sending to the governor a measure making technical changes in the printing of the legislative journal.

CALLLED BREAK DOWN

Senate Minority Leader Charles R. Weiner led off the Democratic attack on suspension of reorganization activity by declaring the State Council of Education had no right to announce such a policy as it had last Friday. The course of action had been recommended on Wednesday by the governor.

"If this is a way to get around the law, it is a breakdown of government," said Weiner.

Majority Leader James S. Berger said he agreed that laws should be carried out to the fullest, but he added that the 1961 reorganization law did not specifically state when in a year the council must act on realignment plans.

Weiner then asked what action had been taken in regard to Lebanon County, the only county which did not file a plan under the 1961 act before the deadline last Jan. 1. He did not receive an answer to the question, and all the old arguments for and against reorganization were rehearsed in the next 40 minutes.

Sen. Paul L. Wagner, R-Schuylkill, chairman of the Education Committee, ended the argument with an appeal for reason and calmness.

"Don't use this time (pending a new reorganization law) so that you get people so sore at each other that it will be impossible to pass a new act."

Legislative highlights: Harness racing - Republicans, with some Democratic help,

Prayer meeting will be held in Bethel Assembly of God Church, along the Fish and Game Rd., at 7:45 p.m. Wednesday.

A game was played by the group. The young people will have the joint meeting next Sunday; no meeting on February 27; Sonja Noble will be leader for the next regular meeting on Sunday, March 3, at 6:30 p.m.

Jean Shoemaker was leader at the meeting of the Christian Endeavor Society of Christ United Church of Christ Sunday evening at the church. The program included two group hymns accompanied by Mrs. Harold E. Shoemaker; scripture, Ruth Koons; prayer, the Rev. G. Howard Koons, pastor; hymn; topic, "The Changing City Challenges the Church," discussed by Noah V. The Holy Name Society of St. Aloysius Catholic Church met on Sunday evening in the parish hall. President Marvin Miller presided and heard reports from Robert Murren, secretary, and C. Kenneth Sentz, treasurer. There was a discussion on the possibility of having a parish outing in the summer. The guest speaker secured for the Holy Name breakfast on September 8 will be Peter Wambach. Plans were made to have a ladies' night gathering in connection with the next meeting on Sunday, March 10. There will be a brief business period at 8 p.m. and the social will follow. At the conclusion of business, colored slides of Laos were shown by Lt. Col. Edwin W. Elder Jr., Rita Marie Ave., who recently returned from a tour of duty with the Army in that country.

MUSKIES AT NIGHT

COLUMBUS, Ohio (AP)—Some fishermen go a lifetime and never hook a muskie.

But not Alvin Hooperton of Wilmington. Alvin caught three in Clinton County's Cowan Lake. They were the biggest muskies of the season, but they averaged six pounds. He hit the jackpot one week after pulling in a 10-pounder and eight largemouth bass.

It may help to know that Alvin

adopted harness racing amendments. They included a plan to permit public employees earning less than \$6,000 annually, except policemen, to work at tracks and left the ban against minors at the track for those youths employed there. Final action on the bill was put off until today.

Suspension appeals—The Senate unanimously adopted an amendment calling for reciprocity in a bill to grant out-of-state drivers the right of appeal from driver's license suspensions.

Under the amendment appeals would be heard from residents of only those states which grant Pennsylvanians the same privileges.

KENNEDYS TO HOLD LINCOLN DAY RECEPTION

By FRANCES LEWINE

WASHINGTON (AP)—Abraham Lincoln, the first Republican president in the White House, will be honored today by the present Democratic occupants with a birthday party keyed to civil rights.

In advance of the party, President Kennedy will receive a special 250-page historical report on the progress made in civil rights in the 100 years since Lincoln's Emancipation Proclamation.

800 ARE INVITED

The President and his wife invited some 800 top officials and civil rights leaders from across the country to a buffet reception at the White House tonight, but banned press coverage of the event.

This is the first such major social event at the White House during the Kennedy administration where no reporters have been allowed.

Asked why there was a press ban, except for a brief picture-taking session, presidential press secretary Pierre Salinger said some events at the White House were open to coverage and others were not.

Lincoln's birthday traditionally has been a Republican day of celebration with dinners and speeches sponsored by the GOP. There were some grumblings in the capital that Kennedy was trying to take the publicity edge off such events.

NEGROES INVITED

As usual, no announcement of the White House guest list was made in advance. It was indicated, however, that a number of Negro leaders of the desegregation fight had been invited, along with state officials and civil rights leaders from across the country.

Reporters were invited, however, to attend a 5 p.m. White House ceremony at which Kennedy will receive the progress report from his Commission on Civil Rights.

POSTS \$25,000 BAIL ON FATAL BEATING COUNT

BALTIMORE (AP)—William D. Zantinger, a young Maryland socialite, was free in \$25,000 bail today in the death of a hotel bartender.

Zantinger, 24, was released Monday. He had been held without bail, but his attorney filed a writ of habeas corpus in a higher court.

Zantinger is accused of homicide in the death of Mrs. Hattie Carroll, 51, who died Friday night, seven hours after she was hit by a cane and then slumped unconscious to the floor at the elite Spinster's Ball at the Emerson Hotel.

ARREST COUPLE

Zantinger and his 24-year-old wife, Jane, were arrested a short time later. She was released after posting \$25 collateral on a disorderly conduct charge. Zantinger was released after a hearing on disorderly conduct charges, then later arrested again on homicide charges.

Dr. Charles S. Petty, assistant medical examiner, said Monday Mrs. Carroll died of a cerebral hemorrhage apparently after suffering a stroke. He said there was a cause and effect relationship between the beating and her death.

Zantinger, of Mount Victoria in Charles County, owns a 600-acre tobacco farm. His father, Richard C. Zantinger, is a former member of the Maryland General Assembly and the state Planning Commission.

JIM DURANTE ADMITS HIS 70TH BIRTHDAY

By GENE PLOWDEN

MIAMI BEACH, Fla. (AP)—Jimmy (the Schnozz) Durante admitted today he had a birthday—his 70th—"but I don't want everybody to know about it."

The veteran entertainer, interviewed at a hotel where he is appearing, described it this way:

"Thank God I had another birthday. Da party? Sur. It was after da show an' they asked me if I didn't want to come in and have some tea. It was a big surprise to me. We had a wonderful time."

NIGHT AFTER NIGHT

"Mrs. Morris Lansburgh (whose husband owns the hotel) gave it. He's in Las Vegas. A few of my friends were there—George Raft, Eleanor Holm, Rocky Marciano, Little Jack Carter, Gene Bayless, Peter Lawford and a lot of others."

"I wanted to do four rounds with Rocky, but he wouldn't take me on. Everybody had a lot of fun."

Durante does an hour and 15-minute show and keeps going night after night.

"No other entertainers—just us," he said.

BETWEEN SHOWS

Between shows Monday night he entertained the Horsemen's Benevolent and Protective Association at their annual banquet.

The record says Durante was born in Brooklyn in 1893 and that he started in show business at 17, which means he's starting his 54th year on the stage.

"Who th' hell knows?" he snorted. "In my day, we didn't have no doctors. Everybody had midwives. Maybe I picked da date at random. Nobody had birth certificates in them days."

"I could'a said 1910 or 1911 or 'in. Maybe I should'a picked a date like that. I had a lot of trouble gettin' to Europe in 1936, 'cause I never had no birth certificate. I never did find one."

HAIR STYLES, TIGHT CLOTHES SUSPEND 35

PITTSBURGH (AP)—Wild hair styles and tight-fitting clothes, officials say, have caused the suspension of 35 pupils at suburban North Hill High School.

Supervising Principal Edward D. Kruse, in announcing the one-week suspensions which started Monday, said:

"Most of the boys had full heads of hair that were almost pompadours—overly great amounts of hair, combed in styles that attract attention."

"Some girls had types of dyed hair that looked just as if they dipped their heads into buckets of dye and didn't care what color the dye was. Other girls looked as if they had never combed their hair at all. And some of them seemed to pile their hair four or five stories high."

"Girls were wearing tight skirts that seemed to draw up to their waist when they sat down, or skirts that made it impossible for them to bend over without breaking out of them."

"Boys were wearing trousers that practically conform to every contour of the body. They were also too short."

SAYS PAPERS CARRY WEIGHT

LAWRENCE, Kan. (AP)—Paul Miller, president of the Gannett group of newspapers, said Monday that "newspapers no longer snarl and rarely thunder, but when they speak out on some big issue, in reasonable language, they are more influential than ever."

Miller, who also is president of The Associated Press, was here to receive the William Allen White Foundation award for journalistic merit.

In his prepared lecture, Miller said newspapers should bend over backward to give a hearing to those with contrary views and added that strongly partisan newspapers have declined in number and influence.

He said most of the professionals who manage America's suc-
